

Invasive Species Technician Limited Term Employees (LTE's) - Timber

Oneida County is accepting applications for an LTE position with the Oneida County Forestry Department. This position includes surveying for and documenting the location of terrestrial invasive plant species in the Oneida County Forest and Park System, conducting control and eradication activities of invasive plant species and developing invasive species management plans. This position is scheduled for approx. 600 hours at \$15.29 per hour between May 30, 2016 and September 16, 2016. Starting and ending dates are flexible.

Qualified applicants must have a bachelor's degree or entering Senior year or Associates Degree or two years practical work experience in Agriculture, Horticulture, Biology or a related Natural Resources field relating to terrestrial invasive plant species. Knowledge and experience working with ArcGIS 10X software and Microsoft Office. **A pesticide applicator's license or certificate is desirable but not required.** Must have experience using GPS units and downloading data to GIS mapping software. Must be willing to work outside under harsh environmental conditions, possess the ability to work independently, lift moderate weight, walk long distances on un-even ground, and communicate effectively with public. Must possess a valid Wisconsin Driver's License, and be experienced with the operation of chainsaw, ATV, and 4-wheel drive pick-up truck.

Complete job description and application are available at the Rhinelander Northern Advantage Job Service Office at 51A N. Brown St., Rhinelander, WI 54501 (715) 365-1500 or at www.co.oneida.wi.gov. Completed applications are due at the Job Service Office by 4:30 p.m. on Friday, March 4, 2016.
